1 Planning

(not sure) i am going to create a software of calculating simple math.

1.1 client

My sofeware is for the person who is not good at math and the age of 6 to 11.
(like elementary school student)XXXXXXXXXX

1.2 consultation

1.3 rationale

Dummy text

2 Solution overview

2.1 Records of tasks

starting thinking details
 choosing a suited project
 programming
 finish
 modification

2.2 Design overview

i will look around in Internet to find the information.

3 Development

Dummy text

3.1 Subsection

Dummy text

4 Functionality and extensibility of product

Dummy text

4.1 Subsection

Dummy text

5 Evaluation

Dummy text

5.1 Subsection

Dummy text

6 Bibliography

(i cannot find the author's name so sad)

Here is the website:<https://www.latex-tutorial.com/tutorials/beginners/latex-table-of-contents/>
